Always lowering the cost

Our price promise

This is our promise to you. So you can happily buy anything from us safe in the knowledge that, if you find any products even 1p cheaper somewhere else, we'll refund the difference and give you an extra 10% off the lower price.

Why pay more?

Lowering costs, never compromising on quality

This is at the heart of what we stand for... At B&Q we're able to offer you exceptional quality products and ranges at low prices. We offer fair and honest pricing that our customers can trust and unlike other companies, we'll never artificially inflate prices only to slash them later in the year to appear as a great money saving deal. This is simply dishonest and unfair on you.

Helping you with your project

Your step-by-step guide of what to expect...

The whole idea of the project may seem daunting but we're here to make it easy, and most importantly, enjoyable. We promise to do everything we can to ensure your project runs smoothly at every stage of the journey.

1. Inspiration

So what is it you're looking to do? Repair, refresh, maintain or get something totally new? We can inspire you with great ideas that suit you, your budget and your lifestyle. You may even need help with financing and installation which we will discuss with you.

2. Planning

Once inspired, we'll need you to get a few simple room measurements to help us move forward with your project. It's really simple and we'll give you guidance on how to measure, plan and make the best use of your space.

4. Create the look

3. Designing

With our totally free design consultation, we will bring your ideas to life with our leading 3D design software. We'll also need to look at heating, plumbing and electrics to see if they are affected by the project.

You will now have a clear vision of your kitchen, bedroom or bathroom. You may want to look at how you can personalise your room and make it truly yours. Whether that's lighting, flooring, tiling, colour schemes or accessories, we have everything you'll need to create your desired look. We can even help you tile, lay flooring, paint and more so you don't have to.

5. Budgeting

Following our survey, we will know exactly how much the project will cost you. But rest assured, our prices won't be beaten, and that's a promise. Check out our flexible finance options.

6. Installing

Your kitchen, bedroom or bathroom is ready to take its place in your home. Whether you've chosen to have it fully installed by our market leading installation service or just to have items delivered through our flexible delivery options, we'll make things easy and provide helpful advice at every stage. We can even help you with great tips to install yourself, either the full project or parts of it.

Market leading

5 year installation guarantee

Professionally fitted

Deciding which kitchen, bedroom or bathroom is perfect for you is one thing, but we know that not everyone has the time or experience to install it themselves. We can take care of your project from installation to plumbing, electrics, gas works, flooring, plastering, tiling and joinery. With over 15 years of domestic installation experience, over 1/2 million completed projects and international accreditation, you're in safe hands, we're the most experienced national retailer in the UK.

All projects are managed locally so you'll always have somebody close by to contact if you need any help or advice. Once the work has been completed, and we've checked that you're happy, you will receive a 5 year workmanship guarantee: **the best of any national retailer in the UK today.**

Helpful **How to Measure** tips and advice for your bedroom

1

The overall room layout

- Sketch the outline of your room
- All you require is the general shape

2

Indicate openings – windows, doors, archways and hatched

- Mark the location of windows, doors, archways, hatches
- Include the opening swing of doors

3

Indicate any obstacles that can't be moved and include main services, electric, water and gas

- Indicate items that must be planned around
- Your boiler, meters, radiators, soil stack, stop cock, alcoves, etc
- Finally add main services, electric, water and gas

4

Measure between each fixed point – doors, walls and windows

- Pick a logical starting point like a corner and work clockwise around the room to avoid missing anything
- When measuring doors and windows remember to include frames and architrave, together with the distance from the floor to the underside of the windows

5

Measure obstacles in the room

- Your soil stack and boiler, radiators, etc
- Remember to include the width, depth and height of each item
- Show the obstacle heights and their distance from the floor in mm e.g. H=700mm F=1200mm

6

Measure main services, electric, water and gas

- Measure from the nearest fixed point on your diagram to the centre line of each service
- Include sockets, phone, gas, water and TV points
- When measuring larger service items such as consumer units, gas meters and radiators, remember to include their width and height from the floor

7

Measure ceiling heights

- Take two or three measurements to ensure the ceiling is consistent and mark the height in the middle of your survey plan
- If there are obstacles on the ceiling such as a stair slope or landing, mark this on your sketch

8

Example

Your sketch should look something like the example shown above. Now you're ready to start stage two of your project – Planning at B&Q

Top tips...

- Remember walls aren't always perfectly square, so measure them at the top, middle and bottom.
- Bear in mind that switches, sockets and most radiators can be moved – you can discuss this with your B&Q designer.
- If you're keeping any freestanding appliances or furniture like tables and chairs, include their dimensions for your design consultation.
- Take photos of any particular feature or bits you're unsure about.
- Include for discussion any structural alterations you may want to make like moving doors.
- Once you've finished, double check your measurements for accuracy as this will make it easier to create your new project.

You're in safe hands

Measure up & install sliding doors

Creating your sliding wardrobe doors couldn't be simpler. Once you have your doors and trackset at home, fitting them should only take 2-3 hours.

Measuring up

Measure your opening height and width as shown in the diagram below. Take into account your wardrobe interior system and measure up appropriately from the back wall to allow for this. **A minimum of 593mm is recommended for use with our Relax and Aura storage systems.**

How many standard sized sliding doors will you need?

The table below will help you determine how many of our fixed sized sliding doors you will need. (This only applies to the 610 x 762 & 914mm wide doors).

Ideal opening width	2	Door size	Track length
1195mm		610mm	Small: 1803mm
1499mm		762mm	Small: 1803mm
1803mm		914mm	Small: 1803mm

Ideal opening width	3	Door size	Track length
1780mm		610mm	Small: 1803mm
2236mm		762mm	Medium: 2692mm
2692mm		914mm	Medium: 2692mm

Ideal opening width	4	Door widths	Trackset length
2390mm		610mm	Medium: 2692mm
2998mm		762mm	Large: 3607mm
3606mm		914mm	Large: 3607mm

How to install

1. Fit your top track.
2. Fit your bottom track.
3. Lift your doors into place

If your opening space too large?

If your opening space is too large then don't worry! We have the accessories to help!

This gap can be reduced by up to 457mm

Note: this mainly applies to our fixed sized sliding doors, as the tailor-made doors are made to size.

It's that simple!
..& should only take a few hours to install.

Note: the top and bottom tracks may need to be cut to fit your opening when buying sliding doors, but this is easily done using a standard hacksaw.

Place your order

Complete this simple form with your measurements, frame and colour choices and take it in to your nearest store to place your order for home delivery.

Measurements

Enter your 5 point measurements (please see page 40 for guidance):

Floor to ceiling	A	B	C
Wall to wall	D	E	

Note: Due to the amount of overlaps that may be required, the individual door widths will vary slightly from just dividing the opening width by the number of doors needed. All doors per opening are made to an equal width and are made to fit the smallest width and height provided.

Design your doors

Minimalist

All Minimalist doors come complete with stylish aluminium frames.

On 2 panel doors choose either 2 colours for the top and bottom sections. On 4 panel doors all colours must be the same.

Ways to pay

At B&Q you can pay by Visa, Mastercard, Switch, Delta and Maestro debit and credit cards.

Price promise

If you find any product even 1p cheaper somewhere else... we'll refund the difference and give you an extra 10% off the lower price.

We're so confident our prices in store are cheaper than our competitors, that if you buy a product from us and find the same product (or the equivalent in the case of B&Q Brand) available locally (within a 10 mile radius) for less – even if it's a sale or special offer price – we'll not just match that price but we'll beat the lower price by a further 10% for your trouble.

All we ask is that the lower price is generally available to any potential customer on the day that you call back, within 14 days of purchase, with a proof of purchase.

The product must be available to the general public. We do not Price Promise against: Retail, Wholesale or Warehouse Clubs requiring membership, Internet or mail order companies, TradePoint and companies within the Kingfisher Group e.g. Screwfix, Services e.g. Installation, Delivery Charges and Chargeable Cutting Service, Staff Discount Card holders (including Group discount) can have a Price Promise or use their 20% Discount Card, not both. TradePoint does not operate a price match policy with our competitors. (TradePoint prices are lower or level with B&Q).
