Before you start

- Important information. Self-assembly of the seat is likely required.
- Read the instructions carefully first and familiarise yourself with the sequence before you begin.
- Retain these instructions for future reference.
- Failure to follow these instructions may result in injury, damage to the product and your property.
- Take care opening packaging if using sharp implements to avoid damage to the product or personal injury.
- Make sure you have all parts listed - Check packaging as components may be concealed; do not dispose of packaging until you have located all parts.
- Unpack and assemble the product on a clean rug or carpet to avoid risk of scratching.
- Make sure the area provides enough space to work.
- It is a good idea to carefully empty small fasteners and fittings into a bowl to avoid loss. This also makes size comparison and selection of similar parts easier.
- Be sure to follow the assembly steps as sequenced in this manual.
- Thoroughly check similar parts to make sure you are using the correct one on the required position. Some may have slight length or shape differences.
- To assist alignment in assembling parts it is often best to leave screw fastenings loose by a few turns and apply a final tighten to all on completion.

IMPORTANT! To avoid damage do not overtighten screw fastenings.

- The product must be assembled by a suitably competent person.
- If in any doubt as to how to assemble this product, consult a technically competent person.
- For domestic use only.

Safety

- Some parts could be hazardous to small children.
- Always use on a firm level surface ensuring that the legs or pedestal remain in even contact with the ground.
- Keep weight evenly distributed - **DO NOT TILT** or **ROCK** the seat.
- The seat is validated to accommodate occupant loads to 110kg.
- For seats that feature fold flat operation follow the instruction manual guide. Keep hands clear of moving parts to avoid injury.
- For seats featuring lever operated, pressurised gas lifting, the lift device is 'sealed for life' and non-serviceable. **DO NOT ATTEMPT** to disassemble the pressure cylinder.
- Never stand on the seat or use any part as a step. This can cause damage and risks serious injury.
- Do not use if the seat is damaged or deformed.
- Check the security of fixings periodically. If you have any doubts about the seat's safety, stop using it immediately.
- Self-assembly is likely required. Follow the assembly steps in this manual.
- For Indoor use only.
- If you are in any doubt as to how to assemble this product, consult a technically competent person.
- This seat must be assembled by a suitably competent person.
